

Howdy from Blue Dog Bakery

Happy beginning of summer! Everywhere I go there are puppies galore - pups in cars, puppies at parks, doggies learning to sit before crossing the street. We love this time of year. Head outside and have some fun. Discover the young pup in all of us.

Best always, Margot

**Treats FEATURED in JUNE at Wal-Mart nationwide**

**Blue Dog Bakery will be featured at Wal-Mart stores in JUNE. Wow!**

Our **PB & Molasses, PB Doggie Paws and NEW 100 Calorie Packs - PB** are at most Wal-Mart stores across the country. Our **100 Calorie Packs - PB** will make their national debut there. These new treats are convenient, portable, portion controlled packs containing 100 calories. And they are really cute!

Our **6 lb PB & Molasses treats** will be available for the month of **JUNE** at **Sam's Club** in **CA, AZ, CO** while they last.

## **Treats now available at most US Military Commissaries**

Our **PB & Molasses and MORE Flavors - Assorted Treats** are now available at most major US Military Commissaries across the US and in Alaska and Hawaii.

We are so thrilled to be able to provide our military families with great, quality, natural treats at great prices.

## New packaging for Doggie Paws and PB Softies helps fight global warming

Blue Dog is changing these treats into environmentally friendly boxes. Our original bags were petroleum based and came from the Far East across the Pacific to our bakery. We felt we could no longer condone that carbon footprint.

So, we are changing now to recycled cardboard boxes with inner cellophane bags that are biodegradable. This packaging comes from around the corner from us!

Convenient, recyclable and uses less energy!

**Paternal dog Billy takes on an unusual kid:**

Billy the boxer has become the constant companion of the 12-day old kid called L... sleeps with the goat, licks her clean, and p... her from any dangers at Pennywell Farm centre at Buckfastleigh, near Totnes, Devon ?

The kid was abandoned by her mother who was only a few hours old and adopted by Billy when his owner Elizabeth Tozer began rearing the goat.

The unusual bond has developed over the month and the pair are now inseparable.

Elizabeth said: "Lilly follows Billy around and it is really quite amusing to watch and Billy cleans her mouth after she feeds."

Lilly was the smallest of a litter of three and her mother abandoned her because she could only care for the two stronger ones. The pair have attracted quite a crowd at the animal centre and the staff are keen to see how their relationship will develop.
